

TECH TIPS FOR THOSE DIGITAL PHOTOS

Looking for ways to create unique photos with your digital camera images? There are many online sites that allow you to be creative and have some fun with them! The majority of the creations are free...but...there may be further options for a price.

1. You can visit: www.pixisnap.com and turn those lifeless photos into: “photo mosaics or cool Polaroid tiles and make them your desktop wallpaper or Myspace background.
2. Another great site is: www.bighugelabs.com that gives you tons of photo options such as: making your own magazine cover, movie poster, trading cards, monthly calendars, and so much more!
3. And...for those of you that want a real challenge creating that “work of art,” the site: www.andreaplanet.com/andreamosaic/ provides the needed software to create unique photographic mosaics.
4. www.shutterfly.com : There picture storage is **free** and **unlimited** and they *never* delete photos. Other features: **securely** store your images at full resolution, enjoy free personalized websites and receive **25 free 4x6 prints**.

Let’s have some fun!
